Editorial

Sankar Gangopadhyay

Editor-in-Chief, Brainwave: A Multidisciplinary Journal

Email: brainwave@brainwareuniversity.ac.in

I am delighted to announce the publication of our latest issue, Volume No. 6 and Issue No. 3 of “Brainwave: A Multidisciplinary Journal”, published by Brainware University, West Bengal, India. This issue contains articles, which showcase innovative ideas in the field of multidisciplinary research. The articles explore emerging trends and as such provide readers with a forward-looking perspective on the latest developments in the multidisciplinary field. Our rigorous editorial process ensures that only the articles possessing highest standard of research excellence are accepted for publication in the Journal.

I take this opportunity to extend my gratitude to the reviewers and the members of both editorial board and editorial advisory board for their insightful contributions in this context. Further, I gratefully acknowledge the outstanding contributions of the authors. I am also thankful to the readers for their constructive suggestions and continuous support from time to time. This has

also helped us to improve the quality of the Journal.

I am also grateful to the concerned stakeholders of the University, who were instrumental in ensuring timely publication of the Journal.

It is relevant to mention, in this connection, that the collaborative efforts of the concerned community have led to the success of the Journal.

We invite researchers and scholars across the globe to submit their novel work for favour of publication in our Journal. This will add more values to the Journal. In fact, we remain committed to fostering innovation and knowledge in multidisciplinary areas.

Prof. (Dr.) Sankar Gangopadhyay

Vice Chancellor (Actg.), & Chief Advisor
Research, Brainware University, Barasat, West
Bengal, India
