1. PH.D. PROGRAMME AT BRAINWARE UNIVERSITY

The Ph.D. programme at Brainware University is designed to create research interest among the young minds who are dynamic and capable of addressing complex problems. The in-house research supervisors and senior professors have worked in prominent universities and institutions across the country and even internationally. The laboratory infrastructural facilities are modern and well equipped. The university faculty has experience handling multiple government and industry-funded research grants.

Brainware University Research Fellowships are provided to deserving candidates while liberal seed-funding are provided to research proposals that demonstrate ideas translatable to innovative products and processes. Support is also provided for filling patents, incubation and start-up development for such innovative ideas. Brainware University Research Fellowships (around Rs. 20,000 to Rs. 35,000 p.m.) will be awarded to selected eligible Full-Time Research Scholars who are not receiving funding from external sources.

The programme is flexible and designed for the best interest of working persons and full-time scholars.
