The event was also graced by Mr Phalguni Mookhopadhyay, Chancellor, Brainware University, and Professor (Dr) Sankar Gangopadhyay, Vice-Chancellor, Brainware University.

Adding to the significance, Dr Himanshu Pathak, Secretary (DARE) & Director General (ICAR) conveyed his appreciation, stating, "*Agriculture stands at the crossroads of transformation, where innovation, sustainability, and emerging technologies are redefining the way we produce, process, and market agricultural products. This conference serves as a crucial platform for knowledge exchange and collaboration among researchers, policymakers, industry experts, and students.*"

### **Advancing Agriculture Through Research & Innovation**

The deliberations emphasised tech-driven farming solutions, promoting resilient and sustainable agricultural practices.

The event reinforced the commitment to bridging the gap between scientific research and practical applications, ensuring a forward-thinking approach to agricultural development.

With government backing and expert insights, Agri-Next 2025 has paved the way for groundbreaking advancements in agriculture, positioning India at the forefront of global agricultural innovation.
